Raptor® Emergency Management

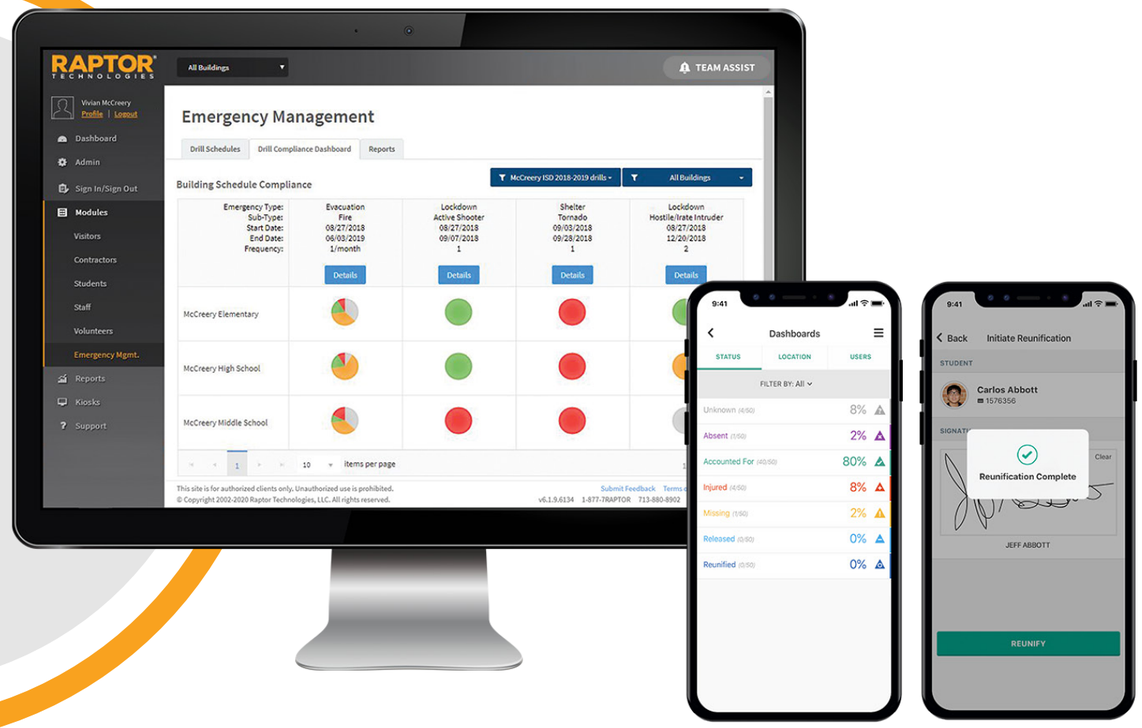
Emergency preparation, response, and recovery

RAPTOR® TECHNOLOGIES

THE GOLD STANDARD IN SCHOOL SAFETY

Be Ready for Any Emergency

Protect your students and staff and be in complete control during drills, active incidents, and reunifications.



Customizable to Your Policies

Be confident teachers, staff, and first responders are aligned and following your safety response procedures during drills and emergencies. Raptor is also 100% aligned with The "I Love U Guys" Foundation® protocols.

Accessible and User-Friendly

Raptor is cloud-based, meaning it can be accessed from wherever you are and on any web-enabled device. The intuitive interface and simple navigation make it easy to use even in the most stressful situations.

Streamlined Configuration

New users are guided through an educational welcome tour to ensure that settings are accurately configured on their device. This process is bypassed in an active emergency.

Relay Accurate Information to Public Safety Answering Points

Integrate directly with 9-1-1 and provide enriched data to first responders, including building maps, emergency protocols, and student, staff, and visitor information.

Sync with Student Information Systems (SIS)

Ensure you have critical student, staff, and guardian data necessary to accurately account for everyone on campus and reunify students with only approved guardians.

Comply with Panic Button Mandates

Comply with legislation, like Alyssa's Law, that requires schools to have silent panic alert systems linked directly to first responder and law enforcement agencies.

"We chose Raptor Emergency Management because it's one solution that encompasses all aspects of incident management and integrates with our student information system. The data integration with Raptor is phenomenal."

Bay City ISD, TX

Manage and Track Drills

Track all your drills and eliminate compliance risks with Raptor Drill Manager®.

Easily Schedule

Quickly schedule drills and track compliance based on district requirements. District administrators receive alerts when schools are out of compliance.

Conduct and Manage

Receive automatic notifications to remind you of upcoming drills and initiate drills from any mobile or web-enabled device.

Track and Report

Monitor drill status for every building and drill type and produce accurate status reports for individual schools or the entire district.

Learn and Improve

Analyze reports to see what is working and where you need to improve performance.

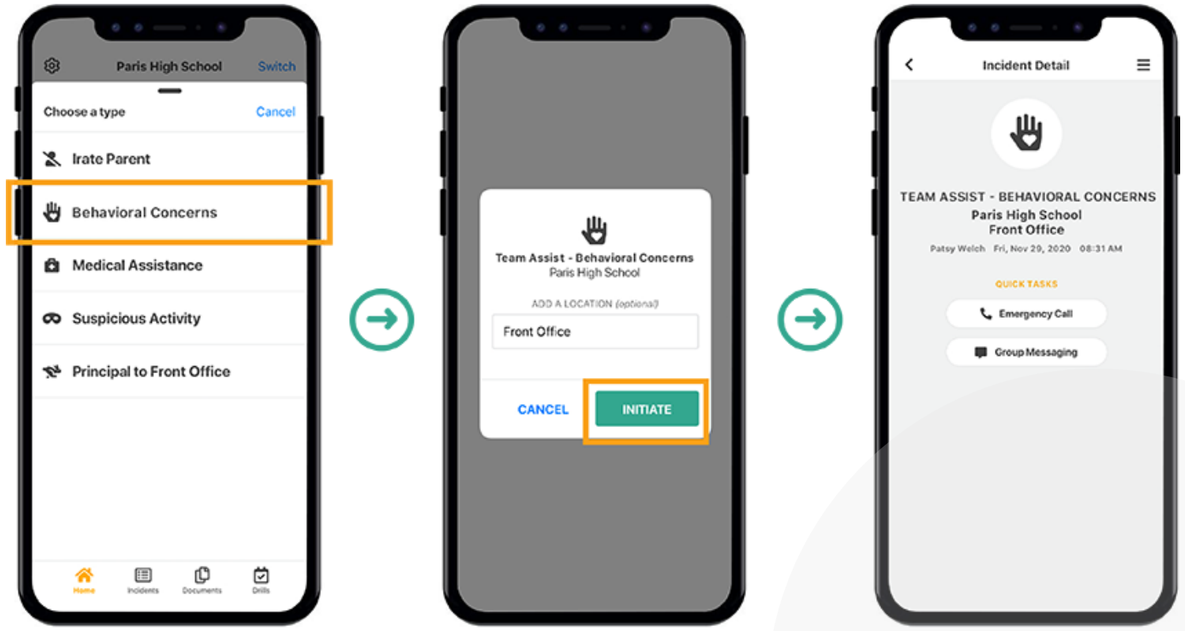
> "It's one thing to say you conducted a drill; it's another to prove it with documentation and to have that documentation at your fingertips."
>
> Duval County Public Schools, FL

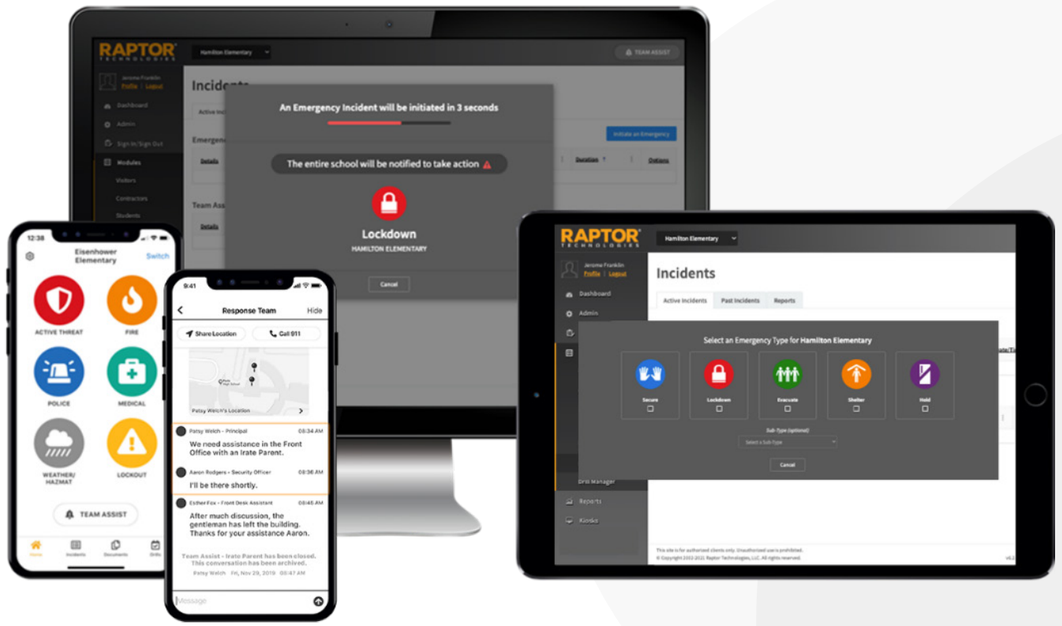
Get Help for Everyday Incidents

Summon help for incidents, such as fights or medical assistance, with Team Assist.

Efficiently Manage Incidents

Users can quickly send situation-specific details, share their location on an interactive map, communicate through group messaging, and connect with 9-1-1. Districts can customize the list of Team Assist situations, notifications, and alert recipients.





Connect to First Responders

Initiate a mobile panic alert to instantly request help with Raptor Alert®.

Quickly Summon Help

Request the right help for any-sized incident—large or small, in a single building or across the entire district—from wherever you are.

Instantly Notify Others

Automatically send detailed, situation-specific alerts so everyone knows how to respond. Alerts provide the type, location, time, and who initiated the emergency and can be sent across text message, computer desktop alert, email, voice call, and push notification. Push notifications can play an audible alarm even when the device is in silent or do-not-disturb mode.

Connect with 9-1-1 and Communicate with Group Messaging

Text or call 9-1-1 directly and stay in touch with all users through real-time group messaging. Give first responders and school staff 24/7 access to your building maps and emergency protocols.

Send Alerts Based on Location

Seamlessly switch between campuses without worrying about reconfiguring your panic button. Raptor sends mass notifications based on your geolocation within the campus. Location data is only accessed during an active emergency.

Raptor Alert® is PSAP Friendly and RapidSOS Ready

Quickly Summon Help

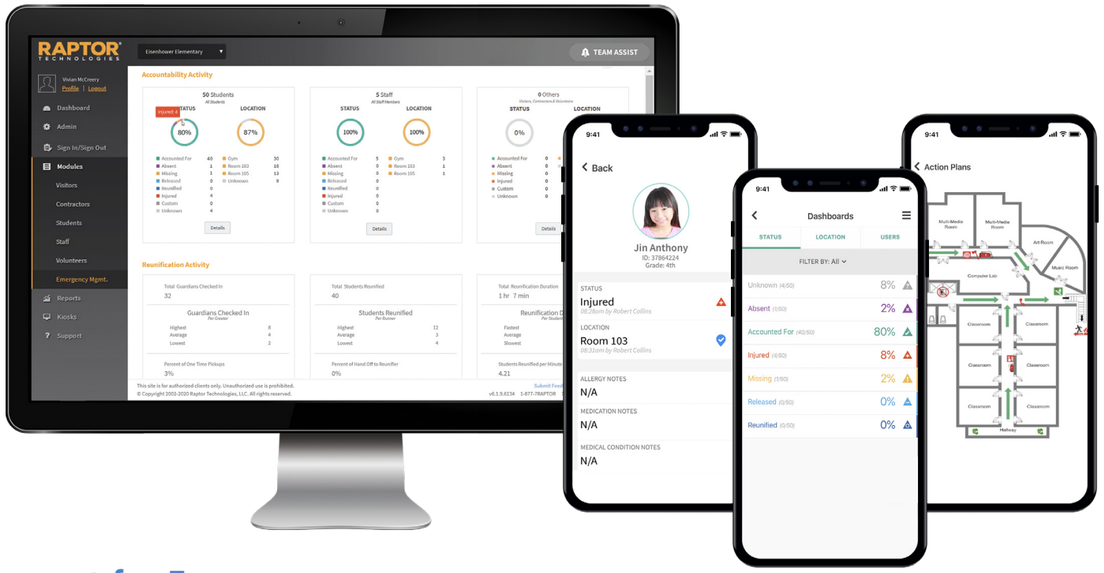
Raptor Alert, coupled with the RapidSOS emergency response data platform, delivers critical, real-time data to a Public Safety Answering Point (PSAP) for smarter and faster emergency response. Raptor Alert connects the caller to 9-1-1, which instantly shares additional information with the dispatcher, including:

- Caller name and number, precise campus location, and additional information (job title, etc.)
- Dispatchable address and school name
- Emergency type (lockdown, active shooter, etc.)

> "Raptor has given us the unique opportunity to save lives by letting us quickly notify authorities and get the right help immediately."
>
> Toms River Regional School District, NJ

Account for the Location and Status of Everyone

Maintain clear, real-time line of sight with Raptor Accountability®.



Account for Everyone

Teachers and staff confirm the status and location of themselves, students, and if using Raptor® Visitor Management, visitors on campus.

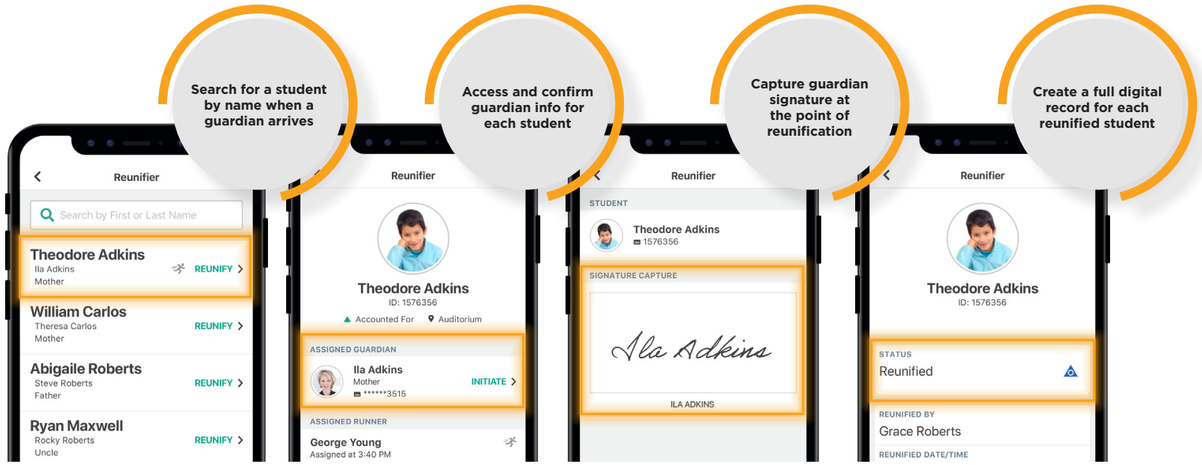
Stay Updated in Real Time

First responders, incident commanders, and other authorized users know each student, staff, and visitor's condition and location during an emergency.

Assist Injured Persons Faster

Enable first responders to know where they're needed most by giving them access to the location, details, and medical conditions for all individuals.

> "Simultaneous communications and the ability to give multiple incident leaders real-time status reports in an instant . . . plus the accountability: we knew where resources were needed . . . And of course, the command center could see it all."
>
> Brighton Schools, MI



Safely Reunify Students with Their Guardians

Increase your speed and accuracy with Raptor Reunification®.

Document Every Individual's Status

Track every individual's status change and generate a detailed history of events for post-incident reporting.

Eliminate Inaccuracy and Reduce Liability

Ensure students are only reunified with approved guardians by screening guardian ID to check for sex offender status or custodial restrictions. Record guardian signature and timestamp for each reunification.

> "Raptor really is priceless. Honestly, it has given us freedom, peace of mind, and the ability to communicate more accurately with one another. Raptor is part of our everyday operations."
>
> West Aurora School District 129, IL

Raptor® is 100% Aligned with the Standard Reunification Method™ from The "I Love U Guys" Foundation®

Raptor reduces reunification time by substituting handwritten, paper-based elements with instant mobile communications and record-keeping, *safely reunifying students with authorized guardians up to four times faster.*

Greeting, Check-in, and ID Verification

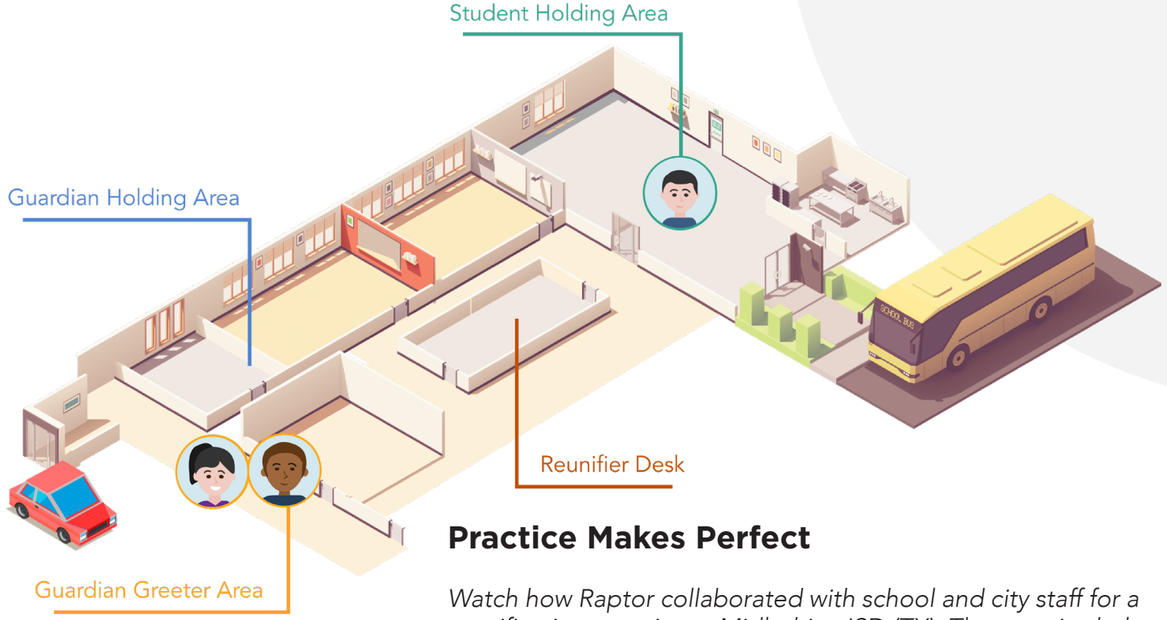
Verify the guardian's ID and custody rights.

Reunification Communication

Send automatic notifications to runners when a guardian is cleared, so that the runner can quickly retrieve the right student.

Accurate Reunification

Verify the guardian's ID and record their signature. This instantly sends a text message notifying the student's other guardians that the student was safely reunified.



Practice Makes Perfect

Watch how Raptor collaborated with school and city staff for a reunification exercise at Midlothian ISD (TX). The exercise helped the district understand what resources are available and how to improve emergency preparedness, response, and recovery.

Watch their case study video here.

ABOUT RAPTOR®

Create Safety and Peace of Mind

Raptor software was built to help schools manage every stage of safety and protect every child, every school, every day.

Trusted Safety Partner

Raptor is a trusted safety advocate and partner to over 35,000 K-12 U.S. schools and maintains a 98% annual customer retention rate. Raptor works with everyone from single school buildings, to private and charter schools, to the nation's largest school districts.

Focused on Customer Success

Our implementation experts build customized implementation plans and thoroughly train your staff, public safety officials, and end users. Our live support, Customer Success teams, and detailed online resources keep your programs running and your team updated on best practices.

Safety is the Priority

Raptor is driven by our mission to **protect every child, every school, every day**. Our team is passionate about school safety and staying on the cutting edge of innovative school safety software. Together, we can create the ultimate benefit: safety and peace of mind for everyone in your community.

The Raptor School Safety Suite

Fully Protect Your Schools

Integrated school safety software that enables schools to screen visitors, track volunteers, report on drills, respond to emergencies, and reunite families.
